MicroLumen  
HIGH PERFORMANCE MEDICAL TUBING  
[www.microlumen.com](http://www.microlumen.com)

- High Performance Polyimide Tubing
- Complex Catheter Assembly
- Braid and Coil Reinforcement

- Fluoropolymer Lined Tubing
- Microcut Length Tolerances of +/- .005"
- Wall Thickness down to .0005"

[www.dymax.com](http://www.dymax.com)

- UV Curing Medical Adhesives
- Cyanoacrylates
- LED/UV Spot Curing Systems

- Flood Lamps
- Conveyor Systems
- Radiometers

[www.ulbrich.com](http://www.ulbrich.com)

- 304V Fine and Flat Wire
- Gold Plated Radiopaque Wire
- Silver-Plated Copper Mandrels

- Nitinol Fine and Flat Wire
- Flat Wire Widths Down to 0.0002"
- Flat Wire Gauges Down to 0.0003"

[www.rmsmachining.com](http://www.rmsmachining.com)

- Multi-Axis Milling/Turning
- 5-Axis Wire EDM
- 7-Axis Swiss Lathe

- Clean Room Assembly
- Insert/Micro - Molding
- Peek and Polymer Machining

[www.neometricsinc.com](http://www.neometricsinc.com)

- Micro Access Guide Wires
- Contract Manufactured Medical Devices
- Profile Grinding-OD Control To .0001"

- New Product Prototyping Services
- Wire Forming of Nitinol
- Coronary and Peripheral Wires

[www.ssdi-inc.com](http://www.ssdi-inc.com)

- Excimer and Yag Laser Capabilities
- Laser Micro Milling and Turning
- Micro Hole Drilling

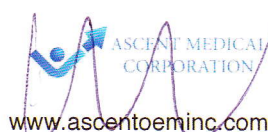

- Laser Welding
- Polymer and Thin Wall Metal Ablation
- Quick Turn Around Prototyping

[www.minitubes.com](http://www.minitubes.com)

- Seamless and Welded Metal Tubing
- Unparalleled Concentricity
- Superior ID and OD Surface Finish

- Coronary and Peripheral Stent Tubing
- Gun-Drilled Hollows
- Implant Grade Materials

[www.ascentoeminc.com](http://www.ascentoeminc.com)

- Spring-Coil Guide Wires
- Access and Interventional 510ks
- Controlled Body Stiffness

- PTFE Coating for High Lubricity
- Standard and Custom Dispenser Options
- Private Label Single Packed Sterile
