

3 separate images / files:

15+ Person Company where Technology is Critical

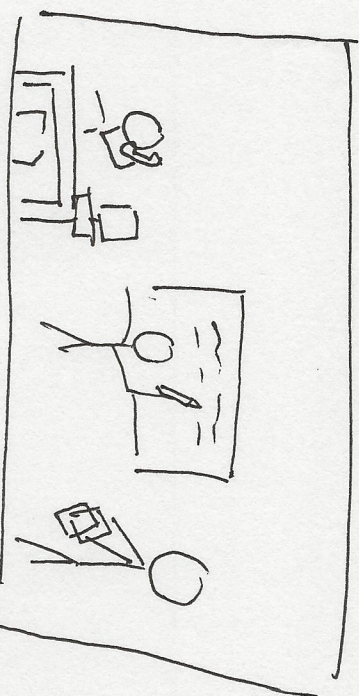

→ Image should show 15 people in an office environment. They should be using a lot of technology. Colors should be bright and vibrant. This image should be the largest of the 3.

3 person company where technology is important

→ Show 3 people in an office environment. They should be using technology. Colors should be all grays. The image should be the same size as "10 person" image.

10 person company where technology isn't crucial

→ Image should show 10 people in an office environment. The very little technology in the office should look like it's outdated and collecting dust. Colors should be all grays. This image should be about half the size of the "15+ person" image.

* Images should be somewhat abstract (ie. faces should be blank - no eyes, mouth)

* These will be used in a website where the theme colors are:

Orange - RGB (R255, G102, B0)

Blue - RGB (R0, G158, B214)

Gray and White
