Starbucks Coffee Company

2200 NW Market St., Seattle, WA 98107

We're looking for more than employees; we're looking for partners.

That's what we call every single person who works at Starbucks. And if you ask partners why they enjoy working here, they'll probably tell you it's the opportunity to make meaningful connections and have an impact every day by working somewhere truly great. Partners also enjoy excellent benefits like sharing in our financial success through 401(k) savings and stock programs, as well as:

- Medical, dental and vision coverage
- Tuition reimbursement
- Paid vacation
- Discounts on coffee and other items in our stores
