

**QUALITY
SERVICE
VALUE**

At Eastern Commercial Maintenance, we are dedicated to assisting property management companies in the preservation and maintenance of their shopping centers and office complexes. Our team of highly skilled employees along with our quality assurance processes ensure that all projects are completed within budget, on-time and to a level of uncompromising quality.

Each ECM client receives personal attention and dedication that can only be achieved through a professional relationship with a single account executive. This single point of contact ensures that the assigned account executive will possess a high level of knowledge pertaining to each client's properties as well as our client's expectations.

The entire team at Eastern Commercial Maintenance is ready to deliver quality, customer service and dedication to your properties today!
