**VoIP, Telephony** - LCMG Solutions offers premise based VoIP and TDM solutions from Mitel. These solutions range from as a few as a dozen endpoints to thousands in single or networked environment. Current Mitel Federal customers include: DOJ, VA, DoD

Our CloudTalk hosted PBX and SIP Trunking solutions are ideal for multiple locations whether the locations are nearby or across the country. Our unique way of handling E911 calls assures peace of mind. CloudTalk is proactively monitored and provides an easy to use web based customer portal for all aspects of service.

**Access Control, Mass Notification, Fire** — LCMG Solutions offers solutions from Mircom. Mircom is a leader in the industry with over 40 years of experience in developing cutting edge technologies for fire protection, mass notification and access control. We start at the design phase of a project and take it to the stage of occupancy by the customer. We specialize in campus environments where we can annunciate signals throughout a customer's network to either a centralized work station or to a guard's cell phone. Mircom has over 100,000 installations nationwide including a Mass Notification system at Ft. Hood, Texas.
