

Belhaven Home Care, LLC is a private duty in-home care agency that offers a wide range of services to seniors and individuals with disabilities. We strive to ensure increased comfort, safety and a higher quality of life to our clients and their families all in the comfort of their own homes.

The company was founded by Dr. Mike Beljin, a life-long Ohio native who envisioned a new level of home care services with greater expertise and support for seniors throughout the region.

Our primary goal is to provide our clients with the highest quality service available so they can enjoy the comforts of home for as long as possible.
