TRUCKMOUNTS

PROVEN DEPENDABILITY

COMPACT PTO DIRECT DRIVE TRUCKMOUNTS

With over 30 years of refinements and engineering innovation, Cleanco Truckmounts have become known throughout the industry as dependable, reliable, money making workhorses due to quality craftsmanship, extraordinary engineering and user friendly operation.

Quality Craftsmanship

Our systems are built with quality components including a 5CP Cat Pump with adjustable pressure for upholstery, carpet and hard surface cleaning, a Roots Whispair DSL blower producing up to 560 CFM, featuring FloMax Airflow Technology for faster drying times, and the Cleanco multi stage P.T.I. heat exchanger delivering water temperatures of 240°F for optimal cleaning performance. The power transfer of the Cleanco direct drive unit comes from a solid precision balanced PTO shaft driven by the engine.

Extraordinary Engineering

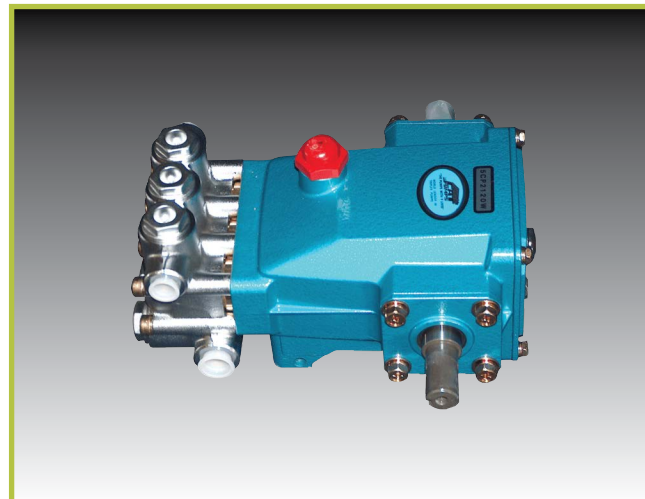

Cleanco takes pride in the practical configuration of our equipment. With every Cleanco Compact you have free open cargo space in your van. Using the least amount of cargo space allows room for other equipment required in the daily operation of your business. Strategically placing the equipment in the van also ensures even weight distribution, increases passenger safety and vehicle longevity.

User Friendly Operation

Complete system operation starts with the precisely designed control panel featuring a gauge monitoring package, pressure & temperature controls and a dual speed setting for upholstery, carpet or hard surface cleaning. Unit operation is powered by our E.T.M. (Electronic Throttle Module) which maintains the van engine speed at a consistent RPM, increasing vacuum performance by 30% and reducing fuel consumption to only 1.5 gallons per operating hour.

*As tested in GM installation.

5CP CAT PUMP

- Plunger Water Pump
- 4-5 GPM Volume
- 1200 PSI for Hard Surface Cleaning
- Adjustable Pressure (50-1200 PSI)

ROOTS WHISPAIR DSL BLOWER

- Whispair Sound Reduction
- Dual Oil Bath, No Grease Fittings
- Twin Lobe

MAXI HEAT DUAL HEAT EXCHANGE

- Aluminum Casing
- High Pressure Copper Coils
- Working Pressure 3000 PSI

CLEANCO P.T.I. (Post Thermal Increase)

With Cleanco's P.T.I. option you'll have hot water and plenty of it. The Cleanco P.T.I. is a tube and fin designed heat exchanger that captures the free hot blower exhaust air. The P.T.I. produces working water temperatures up to 240°F. Available on Compact 45, 47 & 56

PRECISION BALANCE PTO SYSTEM

- H.D. Inner Solid Shaft
- H.D. Electric Clutch
- High Temperature, High Performance Bearings

CLEANCO AUTO DRAIN (C.A.D.)

Cleanco Auto Drain is externally mounted on the waste tank. Easily accessible for cleaning and servicing. The C.A.D. will produce a flow rate of 4.5 GPM under 14" hg. The C.A.D. has no filters or check valves to clog.

All This And More!

COMPACT PERFORMANCE!

WE HAVE THE RIGHT MODEL FOR YOU

STANDARD EQUIPMENT FOR

COMPACT 45 AND COMPACT 47

Precision Balanced PTO Drive Shaft	Stainless Steel Carpet Wand
100 Gallon Waste Tank	150 ft. 2" Vacuum Hose
Twin Blower Filters & Lint Basket	10 ft. 1.5" Lead Vacuum Hose
5CP Plunger Cat Pump Clutch Activated	150 ft. High-Temp Solution Hose
Roots Whispair DSL Vacuum Blower	Chemical Jug
Dual Coolant Heat Exchanger System	Chemical Jug Holder
Quick Release Instrument Control Panel	Whisper Pac System
Dual Solution Connections	High Temp Shut Down
Dual 2" Vacuum Connections	Park Brake Sensor
Carpet and Upholstery Speed Settings	Operation & Maintenance Manual
Pump & Blower Oil Site View Lines	5 Year Extend-A-Care Warranty
Easy Access Blower Lube Port	Embroidered Cleanco Jacket
* Optional 120 Gallon Waste Tank	* Optional P.T.I. Heat Exchanger

Now Standard with 2.5" Vacuum Ports

COMPACT 56 STANDARD EQUIPMENT

Precision Balanced PTO Drive Shaft	Stainless Steel Carpet Wand
100 Gallon Waste Tank	100 ft. 2.5" Vacuum Hose
Twin Blower Filters & Lint Basket	50 ft. 2" Vacuum Hose
5CP Plunger Cat Pump Clutch Activated	150 ft. High-Temp Solution Hose
Roots 56 Whispair DSL Vacuum Blower	Chemical Jug
Dual Coolant Heat Exchanger System	Chemical Jug Holder
Quick Release Instrument Control Panel	Whisper Pac System
Dual Solution Connections	High Temp Shut Down
Dual 2.5" Vacuum Connections	Park Brake Sensor
Carpet and Upholstery Speed Settings	Operation & Maintenance Manual
Pump & Blower Oil Site View Lines	5 Year Extend-A-Care Warranty
Easy Access Blower Lube Port	Embroidered Cleanco Jacket
* Optional 120 Gallon Waste Tank	* Optional P.T.I. Heat Exchanger

ALL COMPACTS ARE BACKED BY A 5 YEAR EXTEND-A-CARE WARRANTY

**120 Gallon Horizontal Tank
with Electric Reel**

120 Gallon Aqua Storage Tank

Van Shelf 3 Tier

**Trigger Sprayer
Holder**

Foam Block Holder

Furniture Tab Holder

Hydro-Force™ Holder

**Double Sprayer
Holder**

250-055

1-1/2" S-bend wand with a
12" wide head and two jets.
Standard with Compact units.

250-017

2" S-Bend wand with a 12" wide
head and 4 jets. It has a 1-3/4" tube
for improved airflow and comes
with an expanded 2" vacuum hose
connection.

250-075

2" S-bend wand Titanium,
with a 15" wide head
and 4 jets.
