

FLEXO PRINTING GUIDELINE LABEL

GUIDE TO CREATING ARTWORK

min. type size	4pt (For both relief type and reverse type)
min. line thickness	0.35 pt
min. screen value	4%
bleed	1/8" outside of the dieline
safe printing area	1/8" inside of the dieline
colors	CMYK (Do not use RGB color builds) Pantone (Provide Pantone numbers)
barcode	The minimum size of the UPC code that GLBC can generate is 1.5" x 0.5". Please allow enough blank space on the label for the barcode. Please provide all barcode digits and barcode type (e.g. UPC A, Code 128)
PhotoShop files	The minimum resolution is 300dpi. Please scale, crop and rotate before importing into Illustrator.

GUIDE TO SENDING ARTWORK

ADOBE ILLUSTRATOR

- **We require a working "Vector" file saved as an EPS or AI file.**
- Word, Data etc. are NOT acceptable files.
- Please provide all fonts (both printer and outlined fonts).
If fonts cannot be supplied, we will use the closest match available.
- Please provide Pantone numbers.
- We accept Illustrator files saved in any version up to and including Adobe Illustrator Creative Suite 4.

ADDITIONAL REQUIREMENTS:

- Any supporting files (i.e. placed scans, graphics, photos, etc.) must be supplied.
- When supplying files a hard copy PDF (paper print if supplying on disk) should also be included.
- If sending more than one file, please name the file clearly for easy identification.

PHYSICAL REPRODUCTION

If you are unable to provide artwork with the above requirements, a physical sample or reproduction of the artwork may be used (e.g. business card, letterhead). Please note artwork charges for re-creation (\$80/hour) will apply. Resolution and print quality may be compromised depending on the sample provided.

PLEASE NOTE:

Great Little Box Company reserves the right to recommend revisions to the artwork and/or type copy. Modifications are suggested to ensure that graphics are compatible with the characteristics of the Flexographic printing process. For more information, please visit: www.greatlittlebox.com

If file is over 10MB send to our FTP site:
