BLUE Ocean Film Festival & Conservation Event

Move to Upper Left

The BLUE Ocean Film Festival is a multi-disciplined event that brings together filmmakers, scientists and marine conservation advocates to help use the power of film to protect the ocean.

Move to Upper Right

Past Events

Event Name	$ Raised	End Date
BLUE Ocean Film Festival 2012	$6.00	01/01/2013

Make Full Width of Page and Move to 2nd section on page if no videos in Archives

If Charity has "Project Video Gallery" then the "Project Photo Albums" will come after the "Project Video Gallery" on the page

"Project Video Gallery" will follow same thumbnail format as "Project Photo Album" section run full page width with thumbnail that layout like the current thumbnails in the Project Galleries with image / video title /Date "created"
Videos will list in chronological order from left to right
left (2nd most recent (Most recent is on upper right of page)) to right (oldest).

When you click on the video thumnail or the title the video will open in a popup window and play on the top of the page.

Does it make sense to be able to "Like" the video? from within the gallery???

About this Project

Project Description

Set next to one of the world's most scenic landscapes along the Monterey Bay Peninsula, BLUE is a high-energy, enlightening and entertaining 7-Day festival showcasing the world's finest ocean films and award winning marine photography along with a filmmakers marketplace, science and conservation seminars, international policy discussions and a robust ocean media industry conference. BLUE's industry conference provides unparalleled educational and networking opportunities for underwater and ocean related productions. Industry Conference seminars and workshops offer mentoring from esteemed professionals from the synergistic disciplines of media technology, underwater film-making, marine photography, ocean conservation, deep sea exploration, marine sciences, project funding, television programming, feature film production and content distribution. Festival-goers get a chance to enjoy hundreds of entertaining films, exciting programs and great camaraderie and in an inspiring destination.

Project Needs

We are going to be filming everything that happens! (I know... Who would try to do that... Right???)

Our production budget is *incredible*!

We are a volunteer organization and the hard costs are still $7,000.00 to $10,000.00 per day.

Filming starts Monday, September 24th and rolls through September 29th, 2012!

Sponsor a project or donate a dollar to the whole week...
We would love your support!

Project Schedule

The 2012 Blue Ocean Film Festival and Conservation Event will be held September 24th - 30th in beautiful Monterey California.

Our audience is anyone who ever enjoyed the ocean!

(If you've never seen an ocean we can share the experience with you live on-line so join us!)

Project Beneficiaries

Sure everyone who participates in the festival is a beneficiary of the knowledge and understanding shared throughout the week. But now more than ever individuals who love the Ocean but can't join us at this year's event can still benefit directly. By supporting BLUE on this site you will be included in our regular updates throughout the year so you can see just how your donation helps BLUE make a real difference throughout the year!

David Drake — Hey Sander, Thanks for commenting. We understand completely. Parkwood Farms and the kids who ride there are glad you know about what's going on and can spread the word. Good luck in the job ...
