The Ideal Cut Diamond - The Whiteflash Difference

Whiteflash is all about the Ideal Cut Diamond. We stock the largest inventory of AGS ideal diamonds in the world! Whether you are looking for an ideal round diamond or an ideal princess diamond we have the best selection of AGS certified ideal diamonds you will find anywhere. Combining a vast selection of ideal diamonds with high-end bridal and jewelry designs produced in our own modern jewelry manufacturing facility, we consistently deliver "A Brilliant Diamond Buying Experience®" to discriminating customers worldwide.

Round Ideal Cut Diamond

Whiteflash is an internationally recognized authority on the round ideal cut diamond. Our A CUT ABOVE® (ACA) Hearts and Arrows brand is arguably the finest round ideal cut diamond in the world. To achieve ACA Hearts and Arrows status the diamond must be certified as an AGS Ideal, specifications must fall within a narrow subset of AGS ideal parameters, and the diamond must also pass stringent light performance image testing. These images are available for each ACA on our website, clearly demonstrating the superior craftsmanship, fire and brilliance of these elite diamonds. A CUT ABOVE® is the most "Visually Balanced in the World®"

Ideal Princess Cut Diamond

The dazzling sister to the A CUT ABOVE® Hearts and Arrows round ideal cut diamond is the A CUT ABOVE® Princess Ideal Cut Diamond. To achieve the status of ACA Princess a diamond must first be certified as an AGS Princess Cut ideal. It then must pass the most stringent light performance image testing in the industry, demonstrating unparalleled fire and brilliance. AGS diamonds are some of the finest cut diamonds in the world- the AGS Princess cut diamond with a cut grade of Ideal is in itself an extremely rare find. An Ideal Princess Cut that carries the ACA brand is a world-class super ideal diamond of unsurpassed performance.

Diamond Engagement Rings

After choosing your Ideal Diamond, create a certified diamond ring by having it set in one of our superbly crafted diamond engagement rings. Choose a Whiteflash original made right here in our own Houston jewelry manufacturing facility, or make the perfect choice from hundreds of designer engagement rings from our outstanding jewelry designers including Verragio, Ritani, Vatche, and Benchmark. The styling and quality craftsmanship of the designs you'll find at Whiteflash are only rivaled by the quality of our super ideal diamonds!

Top Jewelers in Houston

Whiteflash has been quietly building exquisite wedding rings in Houston for over a decade, growing our business steadily by word of mouth, and recently honored with the 2012 BBB Pinnacle Award as best jeweler in Houston. As a premier provider of some of the world's finest diamonds, it is no surprise that we feature the most superb designer engagement rings in Houston. So if you are looking for jewelry in Houston you are warmly invited to visit us and see our amazing Houston wedding rings. And we have just become one of the foremost jewelers in Sugar Land with the opening of our new showroom in Sugar Land Town Square.
