## Welcome to Fantasy Bookies!

*Don't just watch the game, take action from your friends*

### Set the line

Each week you are assigned a game. It's your turn to SET the line and take bets from your teammates.

### Bet the line

All your teammates set their own lines too. Look around for lines you like and place your bets.

### Beat your friends

We track the wins and losses all season so you can find out who the best bettors and bookies are.
